CONTENTS OF VOLUME I

The Intermediary Metabolism of Cholesterol. .................... Konrad Bloch 214
Resection of an Aneurysm of the Arch of the Aorta with Preservation of the Lumen of the Vessel. .................. Olivier Monod and André Meyer 220
Gangrene of the Extremities of Venous Origin. Review of the Literature with Case Reports

Henry Haimovici 225
Mechanism of the Auricular Arrhythmias

Myron Prinzmetal, Elliot Corday, Isidor Brill, Alvin L. Sellers, Robert W. Oblath, Walter A. Flieg and H. E. Kruger 241
Subendocardial Infarction: Report of Six Cases and Critical Survey of the Literature

Harold D. Levine and Ralph V. Ford 246
Membrane Resting and Action Potentials of Single Cardiac Muscle Fibers

L. A. Woodbury, J. W. Woodbury and H. H. Hecht 264
Studies of Congenital Heart Disease. IV. Uncomplicated Pulmonic Stenosis

Failure of Alpha Tocopherol to Influence Chest Pain in Patients with Heart Disease

Seymour H. Rinzler, Hyman Bakst, Zachary H. Benjamin, Audrie L. Bobb and Janet Travell 288
Dilatation and Pulsation of the Left Subclavian Artery in the Roentgen-Ray Diagnosis of Coarctation of the Aorta. Roentgenkymographic Studies in Thirteen Cases

Herbert M. Stauffer and Leo G. Rigler 294
The Use of Tetraethylammonium Chloride in Treatment of Phantom Limb

Burton J. Winston 299
Abstracts ................................................. 302
American Heart Association .................................. 319

No. 3

Further Studies of the Cardiodynamics of Experimental Interventricular Communications

John G. Hawley, Robert C. Little and Harold Feil 321
Comissurotomy for Mitral Stenosis

Experimental Hypervolemic Heart Failure: Its Bearing on Certain General Principles of Heart Failure. .......... William Huckabee, Gus Casten and T. R. Harrison 343
Catheterization of the Left Side of the Heart in Man

Henry A. Zimmerman, Roy W. Scott and Norman O. Becker 357

David C. Levinson, Donald T. Edmeades and George C. Griffith 360
A Study of the Venous Pulse in Tricuspid Valve Disease

Addison L. Messer, John Willis Hurst, Maurice B. Rappaport and Howard B. Sprague 388
Myocardial Lesions Produced by Digitalis in the Presence of Hyperthyroidism: An Experimental Study. .......... William H. Dearing, Arlie R. Barnes and Hiram E. Essex 394
Circulatory Adjustments to the Hypoxemia of Congenital Heart Disease of the Cyanotic Type

Howard B. Burchell, Bowen E. Taylor, Julian R. B. Knutson and Earl H. Wood 404
The Relationship Between the Arterial Oxygen Saturation and the Cardiovascular Response to Induced Anoxemia in Normal Young Adults

Raymond Penneys and Caroline Bedell Thomas 415
Correlation of the Oxygen Saturation of the Blood and Changes in the Electrocardiogram, Blood Pressure, and Heart Rate during the Anoxemia Test. Observations on Normal Persons and Patients with Suspected and Manifest Coronary Heart Disease

James A. L. Matthes and Robert L. Levy 426

Peripheral Circulatory Changes as Criteria for Hemorrhagic Shock Therapy

B. W. Zweifach 433

Studies of the Renal Circulation

Joseph R. Kahn, Leonard T. Skeggs and Norman P. Shumway 445

Sustained Hypertension due to Pheochromocytoma. Report of Case Cured by Removal of Tumor

Hugh P. Smith, Jr., R. Bruce Logue and Donald E. Beard 454

Abstracts .................................................................................................................. 462

American Heart Association .......................................................................................... 480

No. 4, Part One

Studies on Congestive Circulatory Failure. III. The Relation of Edema to Urinary Chlorides

Henry A. Schroeder 481

Tracer Studies of the Urinary Excretion of Radioactive Mercury Following Oral Administration of a Mercurial Diuretic

William J. Overman, William H. Gordon, Jr., and G. E. Burch 496

Experience with Thiomerin, A New Mercurial Diuretic

Harold J. Stewart, Herbert I. McCoy, Edward M. Shepard, and E. Hugh Luckey 502

Studies on Thiomerin—A Subeutaneously Administrable Diuretic

J. Grossman, R. E. Weston, I. S. Edelman, and L. Leiter 508

The Prolonged Use of an Oral Mercurial Diuretic in Ambulatory Patients with Congestive Heart Failure

Joseph B. Vander Veer, Thomas W. Clark, and David S. Marshall, II 516

The Straining Procedure as an Aid in the Anatomic Localization of Cardiovascular Murmurs and Sounds

Harry F. Zinsser, Jr., and Calvin F. Kay 523

The Relation between Electrocardiographic Evidence of Right Ventricular Hypertrophy and Pulmonary Arterial Pressure in Patients with Chronic Pulmonary Disease

John B. Johnson, M. Irené Ferrer, John R. West, and André Cournand 536

A Comparison of Electrokymography and Roentgenkymography in the Study of Myocardial Infarction

Simon Dack, David H. Paley, and Marcy L. Sussman 551

Studies of Plasma Quinidine Content. I. Relation to Single Dose Administration by Three Routes

Richard W. Kalmansohn and John J. Sampson 564

Studies on Plasma Quinidine Content. II. Relation to Toxic Manifestation and Therapeutic Effect

Richard W. Kalmansohn and John J. Sampson 569

Blood Quinidine Concentrations as a Guide in the Treatment of Cardiac Arrhythmias

Maurice Sokolow and A. L. Edgar 576

Congenital Heart Disease with Septal Defects in which Paradoxical Brain Abscess Causes Death. Review of the Literature and Report of Two Cases

Salvatore M. Sancetta and Henry A. Zimmerman 593

Arteriovenous Fistulas of the Lungs

Samuel Baer, Albert Behrend, and Harold Goldburgh 602

Spontaneous Rupture of a Peripheral Artery: Report of a Case

Albert A. Pollack, Edgar A. Hines, Jr., and Joseph M. Janes 613

Abstracts .................................................................................................................. 615

Book Reviews ............................................................................................................. 634

American Heart Association ......................................................................................... 637
CONTENTS OF VOLUME I

No. 4, Part Two*

Foreword .......................................................... Tinsley R. Harrison 643
The Relationship of the Degree of Coronary Atherosclerosis with Age, in Men  
Neil K. White, Jesse E. Edwards and Thomas J. Dry 645
The Use of Tetraethylammonium Chloride as a Vasodilator in Peripheral Vascular Disease; Its Effect on Sympathectomized Extremities  
Theodore B. Massell, William E. Adolph and James B. French 655
Recording and Visual Oscillometry by a New Standardized Technic  
Julius A. Oshlag and A. Wilbur Duryee 662
Vasomotor Reactions to Heat among Patients with Arterial Disease . . . Travis Winsor 670
Erythromelalgia Treated with Posterior Pituitary Extract: Report of a Case  
M. Hill Metz 684
The Clinical Effect of Dihydroergocornine Methanesulphonate (DHO-180) in Arterial Hypertension: A Preliminary Report ...................... R. M. Tandowsky 686
The “Two-Step” Exercise Electrocardiogram in Functional Heart Disturbances and in Organic Heart Disease: The Use of Ergotamine Tartrate  
Arthur M. Master, Leon Pordy, Joseph Kolker and Mortimer J. Blumenthal 692
Influence of Saline, Papaverine, Nitroglycerin and Ethyl Alcohol on Electrocardiographic Response to Standard Exercise in Coronary Disease  
Henry I. Russek, Richard H. Smith, William S. Baum, Charles F. Naegele and Frederic D. Regan 700
Observations on the Daily Changes in Venous Pressure and Weight in a Case of Chronic Congestive Failure .......................... Walter Newman and Leo Fishel 706
Sensitivity of the Supraventricular Pacemakers to Acetylsalicylic in Acute Hypoxemia  
C. Callebaut, S. Rodbard and L. N. Katz 712
Infarction of the Right Ventricle Caused by Multiple Coronary Vein Ligation  
Ferdinand F. McAllister and David S. Leighninger 717
The Question of the Function of the Right Ventricular Myocardium: An Experimental Study ................................................. Augustus C. P. Bakos 724
Anti-Adrenergic Effects of Nitroglycerin on the Heart . . . W. Raab and E. Lepeschkin 733
Heart “Sympathin” .............................................. W. Raab and E. Lepeschkin 741
Bernheim’s Syndrome: Report of a Case  
Donald H. Atlas, Herman Eisenberg and Peter Gaberman 753
The Syndrome of Bernheim as a Clinical Entity . . . Henry I. Russek and Burton L. Zohman 759
Rupture of a Papillary Muscle of the Heart; Report of Two Cases . . John Chandler Smith 766
Sarcoidosis of the Heart: A Cause of Sudden and Unexpected Death  
William E. Kulka 772
A Case of Marked Dilatation of the Pulmonary Arterial Tree Associated with Mitral Stenosis ........................................ S. Segall, T. I. Ritter and W. Huang 777
Sclerosis of the Chordae Tendineae of the Mitral Valve  
Leon Sokoloff, Samuel K. Elster and Norman Righthand 782
Healed Dissecting Aneurysm of the Aorta Eroneously Diagnosed Paramedistinal Effusion; Death Following Attempted Aspiration  
J. Chandler Smith and Salvatore M. Sancetta 792
Primary Myosarcoma of the Heart. Report of a Case Associated with Malignant Carcinoids and Pancreatic Heterotopia  
Saul Friedlander, Gordon E. Hein and John C. Siemens 797
Primary Tumor of the Pericardium, Involving the Myocardium: Surgical Removal  
Lew A. Hochberg and Alexander I. Robinson 805

*This issue was in honor of Dr. James Bryan Herrick.
CONTENTS OF VOLUME I

Congenital Arteriovenous Fistulas of the Thoracic Wall
Herbert C. Maier and Arthur Purdy Stout 809

Diverticulum of the Pericardium
Louis Faugeres Bishop, Jr., Paul A. Kirschner and Theodore Pessar 813

Studies of Tissue Response to Injections of Enzymes. I. The Development of Subcutaneous “Nodules” following a Single Subcutaneous Injection of Trypsin
Samuel Theodore Schlamowitz and Arthur C. DeGraff 816

Studies of Tissue Response to Injections of Enzymes. II. Changes in Rabbit Plasma and Tissue Hexosamine Induced by a Single Subcutaneous Injection of Trypsin
Samuel Theodore Schlamowitz, Arthur C. DeGraff and Maxwell Schubert 822

Studies of Tissue Response to Injections of Enzymes. III. Preliminary Report. Development of Subcutaneous “Nodules” and Tissue Hexosamine Changes in Rabbits Following a Single Subcutaneous Injection of Streptokinase
Samuel T. Schlamowitz, Arthur C. DeGraff and Maxwell Schubert 833

Studies of Tissue Response to Injections of Enzymes. IV. Tissue, Hexosamine, and Hematologic Changes in Rabbits following a Single Subcutaneous Injection of Hyaluronidase...Samuel T. Schlamowitz, Evelyn Morrison and Maxwell Schubert 838

QRS-T Patterns in Multiple Precordial Leads that May be Mistaken for Myocardial Infarction. I. Left Ventricular Hypertrophy and Dilatation...Gordon B. Myers 844

QRS-T Patterns in Multiple Precordial Leads that May be Mistaken for Myocardial Infarction. II. Right Ventricular Hypertrophy and Dilation...Gordon B. Myers 860

The Relationship of Unipolar Chest Leads to the Electrical Field of the Heart
Robert P. Grant 878

A Study of the Spatial Vectorcardiogram in Left Bundle Branch Block
J. Frank Pantridge, J. A. Abildskov and G. E. Burch and J. A. Cronvich 893

Anomalous Atrioventricular Excitation Produced by Catheterization of the Normal Human Heart
Charles E. Kossman, Adolph R. Berger, Stanley A. Briller, Bertha Rader and Joseph Brumluk 902

Factors Influencing the Time of Appearance of Premature Systoles (Including a Demonstration of Cases with Ventricular Premature Systoles due to Re-entry but Exhibiting Variable Coupling)...I. Mack and R. Langendorf 910

Hypersensitive Carotid Sinus Reflex Associated with Spontaneous, Transient Complete Heart Block...Irving L. Schwartz and Ludwig W. Eichna 922

Auriculoventricular Nodal Escape in the Presence of Auricular Fibrillation
W. Hwang and R. Langendorf 930

A Case of Paroxysmal Auricular Tachycardia with Block Present Almost Continuously for Twenty-five Years.........William B. Schwartz and Samuel Levine 936

Paroxysmal Tachycardia: Experiences with Massive Doses of Quinidine Intravenously in a Refractory Case.....George O. Bell, Robert B. Bradley and Lewis M. Hurzthal 939

Relation of Supraventricular Tachycardia to Heart Disease and the Basal Metabolism Rate....R. W. Kissane, Richard Brooks and Thomas E. Clark 950

A Slide Rule to Determine the Axis of the Electrocardiogram..........John H. Beatty 952

A Quantitative Comparison of Unipolar and Augmented Unipolar Limb Leads
Ernst Simonson and Ancel Keys 954

Direct Electrocardiograms from the Human Heart in Situ. Comparison of Direct Leads with Precordial Leads ..........Gordon E. Hein and James C. Reavis 964

Electrocardiographic Changes in a Case of Left Ventricular and Septal Hypertrophy Resembling Anterior Myocardial Infarction
Aaron Burlamaqui Benchimol and Paul Schlesinger 970
CONTENTS OF VOLUME I

Aids for Determining Magnitude and Direction of Electric Axes of the Electrocardiogram
Charles E. Jackson and Travis Winsor 975

Electrocardiographic Changes in Pulmonary Collapse Therapy. II. Thoracoplasty and Phrenemphraxis ...................... Charles Silverberg and David Feldman 982

The Changes in Heart Size in Man during Partial Acclimatization to Simulated High Altitudes ......................... Ashton Graybiel, John L. Patterson and Charles S. Houston 991

The Effect of an Ordinary Meal on the Electrocardiogram. Normal Standards in Middle-Aged Men and Women ............. Ernst Simonson and Ancel Keys 1000

The Meal Test in Clinical Electrocardiography ........ Ernst Simonson and C. A. McKinlay 1006

The Effect of Meals on the Electrocardiogram and the Ballistocardiogram in Patients with Angina Pectoris. Bernard Berman, John R. Braunstein and Johnson McGuire 1017

The Variability of Cardiac Output Estimations Made with the High-Frequency Undamped Ballistocardiograph ........... Robert M. Paine and Nathan W. Shock 1026

Diagnosis of Coarctation of the Aorta with the Aid of the Low-Frequency, Critically Damped Ballistocardiograph
J. L. Nickerson, G. H. Humphreys, R. A. Deterling, T. C. Fleming and J. A. L. Mathers 1032

Electrokymographic Studies in Insufficiency of the Aortic and Pulmonic Valves Howard E. Heyer, Ernest Poulos and Julian H. Acker 1037

A New X-ray Technic for Visualization of the Heart and Great Vessels Ferdinand F. McAllister and Claud S. Beck 1049

Increasing Congestive Heart Failure: A Manifestation of Digitalis Toxicity ............. Robert C. Batterman and Leonard B. Gutner 1052

Acute Myocarditis with Bundle Branch Block due to Sulfonamide Sensitivity Alfred Lilienfeld, Elliot Hochstein and William Weiss 1060

Cardiac Tamponade Associated with the Administration of Dicumarol
Charles L. Leedham and James A. Orbison 1065

Standardization of the Ballistocardiogram by Simulation of the Heart’s Function at Necropey; with a Clinical Method for the Estimation of Cardiac Strength and Normal Standards for It
Isaac Starr, O. Horwitz, R. L. Mayock, and E. B. Krumbhaar 1073

Long-Term Dicumarol Therapy to Prevent Recurrent Coronary Artery Thrombosis
E. Sterling Nichol and Joseph F. Borg 1097

Hypothyroidism Produced by Radioactive Iodine (I\(^{131}\)) in the Treatment of Euthyroid Patients with Angina Pectoris and Congestive Heart Failure. Early Results in Various Types of Cardiovascular Diseases and Associated Pathologic States
Herrman L. Blumgart, A. Stone Freedberg, and George S. Kurland 1105

Relation of Basal Metabolic Rate to Vasodilatation and Vasoconstriction of the Extremities of Normal Subjects as Measured by Skin Temperatures
Grace M. Roth and Charles Sheard 1142

The Effect of Nicotinic Acid on the Cerebral Circulation, with Observations on Extracerebral Contamination of Cerebral Venous Blood in the Nitrous Oxide Procedure for Cerebral Blood Flow ................................................................. Peritz Scheinberg 1148

The Myocardium in Subacute Bacterial Endocarditis
Otto Saphir, Louis N. Katz, and Ira Gore 1155

Review of Single Coronary Artery with Report of 2 Cases ............. John Chandler Smith 1168
Effect of Digitalis on the Clotting of the Blood in Normal Subjects and in Patients with Congestive Heart Failure. Richard T. Cathcart and David W. Blood 1176

The Rate of Disappearance of Lanatoside C. and Digitoxin from the Blood of Rats

René Bine and Meyer Friedman 1182

The Q-T Interval in the Electrocardiogram of Children with Tuberculosis

Theodore T. Fox, Herbert Berger, Elliott Kaplan, and John C. Marshal 1184

Coronary Arteriography in the Intact Dog

Felix Pearl, Meyer Friedman, Norman Gray, and Bruce Friedman 1188

Heparin in Experimental Myocardial Infarction

Norman B. Roberg and William H. Requarth 1193

Preliminary Report on the Clinical Uses of a New Anticoagulant, Phenylindandione

Ancel U. Blaustein, James J. Croce, Marie Alberian, and Neil Richey 1195

Dicumarol Fatality in Severe Hypertensive and Arteriosclerotic Cardiovascular Disease

Despite Controlled Therapeutic Level..................... Rose E. London 1205

Book Review.............................. 1209

Abstracts....................................................................... 1210

American Heart Association........................................ 1231

No. 6

Augmentation of Vasoactive Substances by Tetraethylammonium Chloride

Irvine H. Page and Robert D. Taylor 1233

Ebstein's Anomaly of the Tricuspid Valve. Report of Three Cases and Analysis of Clinical Syndrome

Mary Allen Engle, Torrence P. B. Payne, Caroline Bruins and Helen B. Taussig 1246

The Response of the Flicker Fusion Threshold to Nitroglycerine and Its Potential Value in the Diagnosis, Prognosis, and Therapy of Subclinical Cardiovascular Disease

L. R. Krasno and A. C. Ivy 1267

Harold D. Green, William Perkins and Joseph Abernethy 1277

Intermittent Reversal of Flow in a Case of Patent Ductus Arteriosus. A Physiologic Study with Autopsy Findings

Robert E. Johnson, Paul Werner, Marvin Kuschnier and André Cournand 1293

Acute Coronary Insufficiency Due to Acute Hemorrhage: An Analysis of One Hundred and Three Cases

Arthur M. Master, Simon Dack, Henry Horn, Bernard I. Freedman and Leonard E. Field 1302

Delayed Development of Ventricular Ectopic Rhythms following Experimental Coronary Occlusion........................................ A. Sidney Harris 1318

The Q-T Interval in Normal Infants and Children

Mariano M. Alimurung, Lester G. Joseph, Ernest Craig and Benedict F. Massell 1329

The Q-T Interval in Rheumatic Fever

Ernest Craig, Mariano M. Alimurung, Edward F. Bland and Benedict F. Massell 1338
CONTENTS OF VOLUME I

Relationship of Various Factors to the Degree of Coronary Atherosclerosis in Women
  Robert F. Ackerman, Thomas J. Dry and Jesse E. Edwards 1345

Penicillin Treatment of Patients with Cardiovascular Syphilis in Congestive Failure
  Joseph Edeiken, William T. Ford, Mortimer S. Falk and John H. Stokes 1355

The Effect of Epinephrine on the Myocardium of the Embryonic Chick. Alexander Barry 1362

Abstracts ...................................................................................................................... 1371

American Heart Association ....................................................................................... 1392
CONTENTS
INDEX ISSUE

AUGMENTATION OF VASOACTIVE SUBSTANCES BY TETRAETHYLLAMMONIUM CHLORIDE
Irvine H. Page and Robert D. Taylor 1233

EBSTEIN'S ANOMALY OF THE TRICUSPID VALVE. REPORT OF THREE CASES AND
ANALYSIS OF CLINICAL SYNDROME
Mary Allen Engle, Torrence P. B. Payne, Caroline Bruins and Helen B. Taussig 1246

A COMPARISON OF CARDIAC OUTPUT DETERMINED BY THE FICK PROCEDURE AND A
DIRECT METHOD USING THE ROTAMETER
Robert D. Seely, William E. Nerlich and Donald E. Gregg 1261

THE RESPONSE OF THE Flicker Fusion Threshold TO Nitroglycerin AND ITS
POTENTIAL VALUE IN THE Diagnosis, Prognosis, AND Therapy OF Sub-
clinical AND Clinical Cardiovascular Disease
L. R. Krasno and A. C. Ivy 1267

EVALUATION OF THE SEVERITY OF Organic Occlusive Disease AND Comparison
OF THE EFFECTIVENESS OF Various Procedures IN Relaxing Peripheral
Vasospasm. Severity Evaluated BY Determining Cutaneous Blood Flow
IN the Extremities FROM records OF Cutaneous temperature DURING
Maximum Vasodilation; Effectiveness OF Spinal Anesthesia, Intra-
venous Tetraethyl Ammonium Ion (Etamon), Intravenous Benzylimida-
zoline (Priscoline) AND Application OF Heat TO the Torso
Harold D. Green, William Perkins AND Joseph Abernethy 1277

INTERMITTENT REVERSAL OF FLOW IN A CASE OF PATENT DUCTUS ARTERIOSUS.
A Physiologic Study WITH Autopsy Findings
Robert E. Johnson, Paul Wermer, Marvin Kuschner AND André Cournand 1293

ACUTE CORONARY INSUFFICIENCY DUE TO ACUTE HEMORRHAGE: AN Analysis
OF ONE HUNDRED AND Three CASES
Arthur M. Master, Simon Dack, Henry Horn, Bernard I. Freedman, AND
Leonard E. Field 1302

DELAYED DEVELOPMENT OF VENTRICULAR ECTOPIC RHYTHMS FOLLOWING EXPERI-
MENTAL CORONARY OCCLUSION .......... A. Sidney Harris 1318

THE Q-T INTERVAL IN NORMAL INFANTS AND CHILDREN
Mariano M. Alimurung, Lester G. Joseph, Ernest Craigie AND Benedict F. Massell 1329

THE Q-T INTERVAL IN RHEUMATIC FEVER
Ernest Craigie, Mariano M. Alimurung, Edward F. Bland AND Benedict F. Massell 1338

RELATIONSHIP OF Various FACTORS TO THE DEGREE OF CORONARY Atheroscler-
osis IN Women
Robert F. Ackerman, Thomas J. Dry AND Jesse E. Edwards 1345

PENICILLIN TREATMENT OF Patients WITH Cardiovascular Syphilis IN CON-
GESTIVE FAILURE
Joseph Edelken, William T. Ford, Mortimer S. Falk AND John H. Stokes 1355

THE EFFECT OF EPINEPHRINE ON THE MYOCARDIUM OF THE EMBRYONIC CHICK
Alexander Barry 1362

ABSTRACTS ............................................. 1371

AMERICAN HEART ASSOCIATION ............................. 1392

See important notice on pages 1369 and 1370
