The article “Expression of Vascular Endothelial Growth Factor Receptor-2 or Tie-2 on Peripheral Blood Cells Defines Functionally Competent Cell Populations Capable of Reendothelialization” by Nowak et al, which originally appeared online on September 20, 2004, and which published in the present issue of Circulation, has been modified. The editors of the journal asked the authors of this article to revise Figure 5 and all text pertaining to Figure 5 because of a problem detected by a reader of the original online version. Those revisions are reflected in this issue.
Correction
