In the recently published paper by Stabile et al, “CD8⁺ T Lymphocytes Regulate the Arteriogenic Response to Ischemia by Infiltrating the Site of Collateral Vessel Development and Recruiting CD4⁺ Mononuclear Cells Through the Expression of Interleukin-16,” which appeared in the January 3/10, 2006, issue of the journal (Circulation. 2006;113:118–124), the affiliation for Dr Andrea la Sala has been mistakenly reported as both the IRCCS San Raffaele, Rome, Italy, and the National Institutes of Health, Bethesda, Md. Instead, Dr la Sala is affiliated exclusively to the Laboratory of Molecular and Cellular Biology, IRCCS San Raffaele, Rome, Italy.
