With regard to the Expression of Concern related to the article, “NCX-4016 (NO-Aspirin) Inhibits Lipopolysaccharide-Induced Tissue Factor Expression In Vivo: Role of Nitric Oxide,” by Fiorucci et al (Circulation. 2002;106:3120–3125; originally published online November 25, 2002), the editors have received and reviewed the report of the ad hoc committee of the University National Council of Italy. In our opinion, the possibility remains that the COX-1 band published in Figure 4A may have been altered and used in 2 subsequent publications without attribution.
