CIRCULATION
VOLUME XXVI
July-December 1962

No. 1

EDITORIAL:
From Bright Toward Light: The Story of Hypertension Research. George E. Wakerlin ......................................................... 1

ORIGINAL ARTICLES:
Complete Interruption of the Aortic Arch. William C. Roberts, Andrew G. Morrow, and Eugene Braunwald........................................... 39
Acyanotic Levocardia. Harold D. Rosenbaum, Edmund D. Pellegrino, and Leo J. Treeiokas ................................................................. 60
Cellular Infiltration of the Human Arterial Adventitia Associated with Atheromatous Plaques. C. J. Schwartz and J. R. A. Mitchell............................ 73
The Scalar Electrocardiogram, Vectorcardiogram, and Exercise Electrocardiogram in the Assessment of Congenital Aortic Stenosis. Paul G. Hugenholtz, Martin M. Lees, and Alexander S. Nadas........................................ 79
Hemodynamic-Phonocardiographic Correlations of the Fourth Heart Sound in Aortic Stenosis. Allan Goldblatt, Maurice M. Aygen, and Eugene Braunwald................................................................. 92
Hypertension due to Renal Artery Stenosis Caused by Abdominal Aortic Aneurysm. Successful Treatment by Nephrectomy. D. Gordon Abrahams and E. H. O. Parry.......................................................... 104
Partial Situs Inversus with Levocardia. An Unusual Combination of Anomalies. S. Padmavati and Savitri Gupta.............................................. 108
Congenital Defect of the Pericardium. Its Resemblance to Pulmonary Artery Enlargement. Noble O. Fowler...................................................... 114

CLINICAL PROGRESS:
The Mode of Action and Use of Chlorothiazide and Related Compounds. John H. Laragh ................................................................. 121

ABSTRACTS ........................................................................ 133

NEWS FROM THE AMERICAN HEART ASSOCIATION ........ 148

CONTRIBUTORS TO THIS ISSUE ..................................... 159
No. 2

EDITORIAL:
Hypertrophic Subaortic Stenosis—A Broadened Concept. Eugene Braunwald, Edwin C. Brockenbrough, and Andrew G. Morrow

ORIGINAL ARTICLES:

Quantitative Radiocardiography. III. Results and Validation of Theory and Method. M. L. Lewis, C. Giuntini, L. Donato, R. M. Harvey, and A. Courand

Abdominal Aortic Aneurysms. A Reappraisal. Irwin J. Schatz, John F. Fairbairn II, and John L. Juergens

Resection of Myocardial Aneurysms after Infarction during Temporary Cardiopulmonary Bypass. C. Walton Lillehei, Morris J. Levy, Richard A. DeWall, and Herbert E. Warden

Pressor Responses to Noxious Stimuli in Hypertensive Patients. Effects of Reserpine and Chlorothiazide. Alvin P. Shapiro

Thoracic Arterial Arch Anomalies. Hu A. Blake and William C. Manion

Congenital Absence of the Pulmonary Valve. The Clinical Syndrome of Tetralogy of Fallot with Pulmonary Regurgitation. Robert A. Miller, Maurice Lev, and Milton H. Paul

Congenital Saccular Aneurysms of the Aortic Ring. H. Edward MacMahon and Dieter H. Keller

CLINICAL PROGRESS:
The Present Role of Hypothermia in Cardiac Surgery. F. C. Spence and H. T. Bahnsen

ABSTRACTS

NEWS FROM THE AMERICAN HEART ASSOCIATION

CONTRIBUTORS TO THIS ISSUE

No. 3

EDITORIALS:
The Laboratory Control of Anticoagulant Therapy. Oscar D. Ratnoff

The Closed Chest Method of Cardiopulmonary Resuscitation. Benefits and Hazards

The Postpericardiotomy Syndrome. Its Relationship to Ambulation in the Presence of "Benign" Pericardial and Pleural Reaction. John B. McGuinness and Helen B. Taussig.................................................. 500

Angiocardiographic Measurement of the Cardiac Segment of the Inferior Vena Cava in Health and in Cardiovascular Disease. Edwin Ettinger and Israel Steinberg ................................................................. 508

Studies on Starling's Law of the Heart. VIII. Mechanical Properties of Human Myocardium Studied in Vivo. Maurice M. Aygen and Eugene Braunwald........... 516

Constrictive Pericarditis with Particular Reference to Etiology. Ross Robertson and Craig R. Arnold................................................................. 525

A Longitudinal Study of Blood Pressure. William R. Harlan, Robert K. Osborne, and Ashton Graybiel............................... 530

Electrocardiogram and Spatial Vectorcardiogram of Localized Myocardial Hypertrophy. George E. Burch and Nicholas P. DePasquale.............. 544

The Electrocardiographic Findings in Left Ventricular Hypertrophy and Dilation. Louis A. Soloff and John W. Lawrence.......................... 553

Congenital Stenosis of Individual Pulmonary Veins. John D. Shone, Kurt Amplatz, Ray C. Anderson, Paul Adams, Jr., and Jesse E. Edwards........... 574

SPECIAL ARTICLE:
The Electrical Potential Difference Across the Cell Membrane of Heart Muscle. Biophysical Considerations. Ernest Page................................. 582

CLINICAL PROGRESS:
Proteolysis, Fibrinolysis, and Coagulation. Significance in Thrombolytic Therapy. Benjamin Alexander, Liberto Pechet, and Allan Kliman.............. 596

COMMITTEE REPORT:
Report on the Effect of Strain and Trauma on the Heart and Great Vessels. Committee of the Council on Community Service and Education of the American Heart Association ........................................ 612

ABSTRACTS ................................................................. 623

NEWS FROM THE AMERICAN HEART ASSOCIATION.................. 636

CONTRIBUTORS TO THIS ISSUE............................................. 639

PART TWO

ABSTRACTS, American Heart Association, 35th Annual Scientific Sessions, and 16th Annual Meeting, Council on Arteriosclerosis.............................. 641

No. 5

PART ONE

EDITORIAL:
On the Etiology of Calcific Aortic Stenosis. Jesse E. Edwards................. 817

Circulation, Volume XXVI, December 1962
CONTENTS OF VOLUME XXVI

ORIGINAL ARTICLES:
The Morphogenesis of Transposition of the Great Vessels. Robert P. Grant.. 819
The Natural History of Atherosclerosis. Marcel V. Vastesaeger and R. Delecourt................................. 841
Studies of Fat Absorption in Patients with Hypercholesteremia and in Patients with Coronary Artery Disease. Bennett Levine and Herschel Cohen........ 873
Ventricular Fusion Beats. Henry J. L. Marriott, Neil L. Schwartz, and Harold H. Bix........................................... 880
Clinical Syndrome of Anomalous Position of the Popliteal Artery. Differentiation from Juvenile Arteriopathy. Manfredi Servello........... 885
The Orthogonal Vectorcardiogram in 100 Normal Children (Frank System). With Some Comparative Data Recorded by the Cube System. Paul G. Hugenholtz and Jerome Liebman........................................ 891
Posterior Rotation of the Atrial Vector. An Electrocardiographic Sign of Left Heart Failure. Alton I. Sutnick and Louis A. Soloff............................... 913
Some Regulatory Mechanisms of the Human Pulmonary Vascular Bed. Celia Oakley, Gerald Glick, Milton N. Luria, Bernard F. Schreiner, Jr., and Paul N. Yu......................................................... 917

SPECIAL ARTICLE:
Oxidation Reduction in Heart Muscle. Theoretical and Clinical Considerations. S. Gudbjarnason, R. O. Hayden, V. E. Wendt, T. B. Stock, and R. J. Bing..... 937

CLINICAL PROGRESS:
Problems in the Electrocardiographic Diagnosis of Ventricular Enlargement. Thomas W. Parkin.......................................................... 946

ABSTRACTS.............................................................................. 958

NEWS FROM THE AMERICAN HEART ASSOCIATION.............. 972

CONTRIBUTORS TO THIS ISSUE.............................................. 975

PART TWO

SYMPOSIUM ON THE PLASMA MEMBRANE.................................. 977

EDITORIAL:
By U. S. von Euler .............................................................. 1233

ORIGINAL ARTICLES:
Supravalvular Aortic Stenosis in Association with Mental Retardation and a Certain Facial Appearance. A. J. Beuren, J. Apitz, and D. Harmjanz........ 1235
Mitral Regurgitant Flow and Left Ventricular Function in Patients with Mitral Valve Disease. Anthony D. Jose and L. Bernstein............... 1241

Circulation, Volume XXVI, December 1962
CONTENTS OF VOLUME XXVI

The Significance of Asplenia in the Recognition of Inoperable Congenital Heart Disease. William C. Roberts, William B. Berry, and Andrew G. Morrow... 1251

The Two-Step Exercise Electrocardiogram. A Double-Blind Evaluation of Its Use in the Diagnosis of Angina Pectoris. Charles K. Friedberg, Harry L. Jaffe, Leon Pordy, and Kenneth Chesky... 1254

Quadrilateral Peripheral Vascular Disease in the Young Adult. Falls B. Hershey, Morton D. Pareira, and Robert C. Ahlvin... 1261

The Effects of Surgical Abolition of Left-to-Right Shunts on the Pulmonary Vascular Dynamics of Patients with Pulmonary Hypertension. Nina S. Braunwald, Eugene Braunwald, and Andrew G. Morrow... 1270

The Apical First Heart Sound as an Aid in the Diagnosis of Atrial Septal Defect. Jose F. Lopez, Harold Linn, and Aaron B. Shaffer... 1296

Physiologic Studies Following Surgical Correction of Atrial Septal Defect and Similar Lesions. Kai Rehder, John W. Kirklin, and Richard A. Theye... 1302

Use of Bayes' Theorem in Ophthalmodynamometry. E. F. Vastola and T. Kokubu... 1312

Mitral Insufficiency Resulting from Rupture of Normal Chordae Tendineae. Report of a Surgically Corrected Case. L. E. January, June M. Fisher, and J. L. Ehrenhaft... 1329

Inadvertent Myocardial Biopsy. A Potential Hazard during Left Ventricular Puncture. David H. Blankenhorn, Roger W. Jelliffe, Neal F. Amsden, and John L. Johnson... 1334

The Electrocardiogram in Ventricular Hypertrophy and Bundle-Branch Block. A Panel Discussion. Charles E. Kossman, Moderator, Howard B. Burchell, Raymond D. Pruitt, and Ralph C. Scott... 1337

SPECIAL ARTICLE:

Patterns of Disease, Controlled Populations, and Experimental Design. Herbert L. Ratcliffe and Robert L. Snyder... 1352

CLINICAL PROGRESS:

Primary Pulmonary Hypertension. Review of Clinical Features and Pathologic Physiology with a Report of Pulmonary Hemodynamics Derived from Repeated Catheterization. Julian C. Sleeper, Edward S. Orgain, and Henry D. McIntosh... 1358

ABSTRACTS... 1370

NEWS FROM THE AMERICAN HEART ASSOCIATION... 1386

CONTRIBUTORS TO THIS ISSUE... 1390

VOLUME AUTHOR INDEX... 1393

VOLUME SUBJECT INDEX... 1395
