CIRCULATION

VOLUME XLVIII

July-December, 1973

No. 1 (July)

EDITORIALS

Informed Consent. James F. Toole 1

Vasodilator Therapy for Heart Failure: The Influence of Impedance on Left Ventricular Performance. Jay N. Cohn 5

T. DUCKETT JONES MEMORIAL LECTURE:
The Chain that Links the Heart to the Throat. Lewis W. Wannamaker 9

ORIGINAL ARTICLES:

Atrioventricular Conduction in Secundum Atrial Septal Defects. Page A. W. Anderson, Mark C. Rogers, Ramon V. Canent, Jr., and Madison S. Spach 27

His Bundle Electrocardiography during Bidirectional Tachycardia. Stephen N. Morris, and Douglas P. Zipes 32

Role of Kinetic Energy in Pulmonary Valvular Gradient. P. Syamasundar Rao, Shoichi Awa, and Leonard M. Linde 65

Echocardiographic Findings in Different Types of Mitral Regurgitation. Judith Burgess, Ralph Clark, Masanobu Kamigaki, and Keith Cohn 97

Antihypertensive and Hemodynamic Properties of the New Beta Adrenergic Blocking Agent Timolol. Joseph A. Franciosa, Edward D. Freis, and James Conway 118

Direct Arterial Pressure and the Electrocardiogram in Unrestricted Patients with Angina Pectoris. William A. Littel, A. John Honour, Peter Slevit, and Frank D. Stott 125

Ultrasoundographically Monitored Postocclusive Reactive Hyperemia in the Diagnosis of Peripheral Arterial Occlusive Disease. A. Fronek, K. Johansen, R. B. Dilley, and E. F. Bernstein 149

Cardiac Repair in Anatomically Corrected Malposition of the Great Arteries. John W. Kirklin, Albert D. Paciﬁco, L. M. Bargeron, Jr., and Benigno Soto 153

Stress and the Induction of Intravascular Platelet Aggregation in the Heart. Jacob I. Haft, and Kazem Fami 164

(Continued)
CONTENTS OF VOLUME XLVIII

In Vivo and Post Mortem Dissolution Rates of Pulmonary Emboli and Venous Thrombi in the Dog. Kenneth M. Moser, Michel Guisan, Ernest E. Bartimmo, Antonio M. Longo, Paul G. Harsanyi, and Nicholas Chiorazzi .................................................. 170

SPECIAL ARTICLES:

Vitamin E and Its Relation to Heart Disease. Robert E. Olson .................................................. 179

Coronary Heart Disease Epidemiology Revisited: Clinical and Community Aspects. Frederick H. Epstein .................................................. 185

CLINICOPATHOLOGIC CORRELATIONS:

Aneurysms of the Thoracic Aorta Complicating Coarctation. Jesse E. Edwards .................................................. 195

RADIOLOGIC NOTES IN CARDIOLOGY:

CASE REPORTS:

Tachycardia-Dependent Left Bundle Branch Block Associated with Bradycardia-Dependent Variable Left Bundle Branch Block: A Case Report. S. Serge Barold, and Leo Schamroth .................................................. 216

BOOK REVIEWS ........................................................................................................................................ 221

LETTERS TO THE EDITOR:

Coronary Surgery Outside Medical Centers. Bernard D. Kosowsky; Irving S. Wright .................................................. 223

Appeal for Rheumatic Subcutaneous Nodules. Bernice G. Wedum .................................................. 224

CORRECTION ........................................................................................................................................ 228

News From the American Heart Association .................................................................................... Page 1

No. 2 (August)

EDITORIALS:

Cholesterol and the Law. Richard N. Podell .................................................................................. 225

A New Approach to Coronary Heart Disease. Henry N. Wagner, Jr. and H. William Strauss .................................................. 228

LEWIS A. CONNER MEMORIAL LECTURE:

Evaluating the Results of Cardiac Surgery. John W. Kirklin .................................................. 232

ORIGINALL ARTICLES:

Ejection Time by Ear Densitogram and Its Derivative: Clinical and Physiologic Applications. Veronica Quarry-Pigott, Raul Chirife, and David H. Spodick .................................................. 239

Assessing the Severity of Aortic Stenosis by Phonocardiography and External Carotid Pulse Recordings. Anthony J. Bonner, Jr., Harvey N. Sacks, and Morton E. Tavel .................................................. 247

Detection of Left Ventricular Asynergy by Echocardiography. Jamie J. Jacobs, Harvey Feigenbaum, Betty C. Corya, and John F. Phillips .................................................. 263

Echocardiographic Demonstration of Abnormal Motion of the Interventricular Septum in Left Bundle Branch Block. Ian G. McDonald .................................................. 272

Left Ventricular Abnormalities in Prolapsed Mitral Leaflet Syndrome: Review of Eighty-Seven Cases. Gregory Scampardonis, Sing San Yang, Vladir Maranhão, Harry Goldberg, and Alden S. Gooch .................................................. 287

Left Anterior Hemiblock Obscuring the Diagnosis of Right Bundle Branch Block. Mauricio B. Rosenaum, Jacobo Yesurun, Julio O. Lazzari, and Marcelo V. Elizari .................................................. 298

Differentiation of "A-V Junctional Rhythms." Benjamin J. Scheirag, Ralph Lazzara, and Richard Helfant ........................................................................................................ 304

His Bundle Recordings in Patients with Bundle Branch Block and Transient Neurologic Symptoms. Melvin Scheinman, Alan Weiss, and Frederick Kunkel ........................................................................................................ 322

Preinfarction (Unstable) Angina—A Prospective Study—Ten Year Follow-Up. Peter C. Gazes, E. Mims Mobley, Jr., Henry M. Farris, Jr., Robert C. Duncan, and G. Badger Humphries .................................................. 331

ST-Segment Elevation in Acute Myocardial Infarction: Prognostic Importance. Bent Lyager Nielsen ........................................................................................................ 338

Reproducibility of a Multi-Stage Near Maximal Treadmill Test for Exercise Tolerance in Angina Pectoris. Paul E. Smokler, Rex N. MacAlpin, Anthony Alvaro, and Albert A. Kattus .................................................. 346

Asymmetric Left Ventricular Contraction in Patients with Previous Myocardial Infarction: Comparison of Volume and Dimensional Characteristics Derived from Frontal and Lateral Cineangiosgrams. Richard D. Gentzler II, James H. Gaull, A. Stewart Hunter, A. James Liedtke, and David M. Leeman .................................................. 352

Fifteen to Twenty-Year Study of One Thousand Patients Undergoing Closed Mitral Valvuloplasty. Laurence B. Ellis, Jang B. Singh, Dante D. Morales, and Dwight E. Harken ........................................................................................................ 357

(Continued)
Depression of Myocardial Contractility with Low Doses of Ethanol in Normal Man. S. Sultan Ahmed, Gilbert E. Levinson, and Timothy J. Regan ........................................... 378
The Effects of Atrial Pacing on the Synergy and Hemodynamics of the Orthotopically Transplanted Canine Heart. Severi Mattila, Neil B. Ingels, Jr., George T. Daughters II, Stephen C. Adler, Lewis Wexler, and Eugene Dong, Jr. .................................................. 386
Natural History of Tetralogy of Fallot in Infancy: Clinical Classification and Therapeutic Implications. Lawrence I. Bonchek, Albert Starr, Cecille O. Sunderland, and Victor D. Menasche ........... 392
The Spectrum of Transposition of the Great Arteries: With Specific Reference to Developmental Anatomy of the Conus. Daniel A. Coor and Jesse E. Edwards 406
An Analysis of 35 Cases of the Complete Form of Persistent Common Atroventricular Canal. Lore Tencoff and Stanley J. Stamm .................................................. 416

CLINICOPATHOLOGIC CORRELATIONS:
De Subitaneis Mortibus: I. Fibroma Compressing His Bundle. Thomas N. James, Derek J. L. Carson, and Thomas K. Marshall .................................................. 428

CASE REPORTS:
Ventricular Fibrillation Induced by Conducted Sinus or Supraventricular Beat. Tohru Sakamoto, Takashi Yamada, and Kazumasa Hiejima 438
Transient Wolff-Parkinson-White Syndrome and Neonatal Reciprocating Tachycardia. Rudolf J. Moene and Jan P. Roos .................................................. 443

BOOK REVIEWS
LETTERS TO THE EDITOR:
Myocardial Revascularization and Ventricular Performance. Karl E. Hammermeister and J. Ward Kennedy; Kanu Chatterjee 450
Degree of ST Depression with Main Coronary Obstruction. Alan S. King; Marvin A. Kaplan, Clifford N. Harris, Wilbert S. Aronow, David P. Parker, and Myrvyn H. Ellestad 451
Relationship Between Pulmonary Artery Pressure and Catheter Position. Leon Stein, Arnold Aberman, and Jean Jacques Beraud; Melvin M. Scheiman 452
Systolic Click Syndrome. Robert M. Jeresaty; A. James Leidtke and James H. Gault 453

NEWS FROM THE AMERICAN HEART ASSOCIATION
President's Page: Gold from Silver, 25 Years of Research Support. Paul N. Yu .................................................. Page 1

No 3 (September)

EDITORIALS:
Cell Swelling: A Factor in Ischemic Tissue Injury. Alexander Leaf .................................................. 455

SPECIAL ARTICLE:
The Glucose-Insulin-Potassium (GIK) Regimen in the Treatment of Myocardial Ischemia. Norman Brachfeld .................................................. 459

GEORGE E. BROWN MEMORIAL LECTURE:
Function of Cardiac Receptors. R. J. Linden .................................................. 463

ORIGINAL ARTICLES:
Spironolactone as a Nonspecific Treatment for Primary Aldosteronism. Emmanuel L. Bravo, Harriet P. Dustan, and Robert C. Tarazi 491
Left Ventricle Wall Motion During Isolvent Relaxation Period. Pablo I. Altieri, Sharon M. Wilt, and Richard F. Leighton 499
Diagnosis of Aortic Root Dissection by Echocardiography. Navin C. Nanda, Raymond Gramiak, and Pravin Shah 506
Comparative Evaluation of Sublingual Long-Acting Nitrates. Andrew P. Klaus, Barry L. Zaret, Bertram Pitt, and Richard S. Ross 519
Rate-Dependency of Functional Block in the Human His Bundle and Bundle Branch-Purkinje System. Reinier M. Schuilenburg and Dirk Durrer 526
Waveform Patterns in Frank-Lead Rest and Exercise Electrocardiograms of Healthy Elderly Men. P. M. Rautaharju, S. Punsar, H. Blackburn, J. Warren, and A. Menotti 541
Relationship Between the ECG, Ventricular Activation, and the Ventricular Conduction System in Ostium Primum ASD. John P. Baines, E. Neil Moore, and Donald F. Patterson 556

(Continued)
CONTENTS OF VOLUME XLVIII

P Wave Analysis in 2464 Orthogonal Electrocardiograms from Normal Subjects and Patients with Atrial Overload. Kyozo Ishikawa, P. Manohar Kini, and Hubert V. Pipberger .......................... 565
Diagnostic Electrocardiographic Sequences in Acute Pericarditis: Significance of PR Segment and PR Vector Changes. David H. Spodick ................................. 575
The Role of Furosemide in the Treatment of Left Ventricular Dysfunction Associated with Acute Ischemic Infarction. John Kielty, David T. Kelly, Dean B. Taylor, and Bertram Pitt ................................. 581
Coronary Artery Anatomy in Left Bundle Branch Block. Henry DeMots, Josef Rösch, and Shahbuddin H. Rahimtoola......................................................... 605
The Complications of Coronary Arteriography. Douglass F. Adams, David B. Fraser, and Herbert L. Abrams ......................................................... 609
An Acute Effect of Cigarette Smoking on Platelet Function: A Possible Link Between Smoking and Arterial Thrombosis. Peter H. Levine ........................................... 619

RADIOLOGY:

Correlations Between the Chest Film and Hemodynamics in Acute Myocardial Infarction. William Kostuk, John W. Barr, Allan L. Simon, and John Ross, Jr. ..................... 624
Angiographic Changes in Aortocoronary Vein Grafts: Lack of Progression Beyond the First Year. Jacques Lespérance, Martial G. Bourassa, Jacques Saltiel, Lucien Campeau, and Claude M. Grondin ........................... 633

CLINICOPATHOLOGICAL CORRELATIONS:

Marantic Valvular Vegetations. Bruce F. Waller, William S. Knapp, and Jesse E. Edwards .......................... 644

A LESSON IN ETHICS

Of the Principles of Investigation in Physiology. Marshall Hall .......................................................... 651

CASE REPORTS:

Epicardial Mapping in a Variant of Type A Wolff-Parkinson-White Syndrome. John M. Neutze, Alan R. Kerr, and Ralph M. L. Whitlock ........................................... 662

BOOK REVIEWS

Letters to the Editor:

Role of the Vagus in Acute Myocardial Infarction. Andrew G. Wallace; Kenneth M. Kent, David R. Redwood, Stephen E. Epstein .......................... 669
Sick Sinus Syndrome Treatment. Herbert E. Cohen; M. Irene Ferrer ........................................... 671
Junctional Tachycardia. James J. Purcell; Kenneth M. Rosen ........................................... 674
