Lewis A. Conner Memorial Lecture:
The Next 30 Years—Will the Progress Continue?  
Richard S. Ross

Original Articles:
Digitalis and Myocardial Infarction in Man  
John Morrison, James Coromillas, Mitchell Robbins, Lawrence Ong, Sheldon Eisenberg, Richard Stechel, Michael Zema, Peter Reiser, and Lawrence Scherr, with the technical assistance of Benilda Bariso  
Frank I. Marcus

Effects of Antiarrhythmic Drugs on Atrioventricular Conduction in Patients with Acute Myocardial Infarction  
Melvin M. Scheinman, Peter Remedios, Melvin D. Cheillin, Robert W. Peters, Nick Holford, Jawahar Desai, and Joseph A. Abbott  

Effects of Amrinone on Myocardial Energy Metabolism and Hemodynamics in Patients with Severe Congestive Heart Failure Due to Coronary Artery Disease  
Joseph R. Benotti, William Grossman, Eugene Braunwald, and Blase A. Carabello  

Acute and Long-term Response to an Oral Converting-enzyme Inhibitor, Captopril, in Congestive Heart Failure  
T. Barry Levine, Joseph A. Franciosa, and Jay N. Cohn  

Hemodynamic Determinants of Prognosis of Aortic Valve Replacement in Critical Aortic Stenosis and Advanced Congestive Heart Failure  

Beneficial Effects of Hydralazine on Rest and Exercise Hemodynamics in Patients with Chronic Severe Aortic Insufficiency  
Barry H. Greenberg, Henry Demots, Edward Murphy, and Shahbudin Rahimtoola  

Cardiorespiratory Responses of Cardiac Transplant Patients to Graded, Symptom-limited Exercise  
William M. Savin, William L. Haskell, John S. Schroeder, and Edward B. Stinson  

The Effect of Stenosis of Bypass Grafts on Coronary Blood Flow. A Mechanical Model Study  
Paul R. Cipriano, Alvin H. Sacks, and Bruce A. Reitz  

Cryothermic Mapping and Cryoablation in the Treatment of Refractory Cardiac Arrhythmias  

Reproducibility of Local Activation Times During Intraoperative Epicardial Mapping  
Rolf-R. Abendroth, Jörg Ostermeyer, Günter Breithardt, Ludger Seipel, and Wolfgang Bierks  

The Fate of Survivors of Cardiac Surgery in Infancy  

Fontan Procedure for Tricuspid Atresia  
Alan W. Gale, Gordon K. Danielson, Dwight C. McGoone, Robert B. Wallace, and Douglas D. Mair  

The Association Between Urinary Sodium Excretion and Blood Pressure in Children  
Richard Cooper, Ivan Soltero, Kiang Liu, David Berkson, Sophie Levinson, and Jeremiah Stamler  

Aortic Input Impedance in Normal Man: Relationship to Pressure Wave Forms  
Joseph P. Murgo, Nico Westerhof, John P. Gjolma, and Stephen A. Altobelli  

Contractile Performance of the Hypertrophied Ventricle in Patients with Systemic Hypertension  
Masaaki Takahashi, Shigetake Sasayama, Chiuchi Kawai, and Hajime Kotoura  

The Reproducibility of Radionuclide Angiographic Measurements of Left Ventricular Function in Normal Subjects at Rest and During Exercise  
Mark T. Upton, Stephen K. Rych, Glenn E. Newman, E. Philip Bounous, Jr., and Robert H. Jones  

Right Ventricular Ejection Fraction During Exercise in Normal Subjects and in Coronary Artery Disease Patients: Assessment by Multiple-gated Equilibrium Scintigraphy  
Jamshid Maddahi, Daniel S. Berman, Dale T. Matsuoka, Alan D. Waxman, James S. Forrester, and H. J. C. Swan  

(Continued)
Evolution of Left Ventricular Dysfunction in Coronary Artery Disease. Serial Cineangiographic Studies Without Surgery .......................... 141
John E. Markis, C. David Joffe, Barbara H. Roberts, Bernard J. Ransil, Peter F. Cohn, Michael V. Herman, and Richard Gorlin

Regional Coronary Hemodynamic Effects of Ergonovine in Patients with and Without Variant Angina ................................ 149
Robert L. Feldman, R. Charles Curry, Jr., Carl J. Pepine, Jawahar Mehta, and C. Richard Conti

Pharmacokinetic-Hemodynamic Studies of Intravenous Nitroglycerin in Congestive Cardiac Failure .................................. 160
Paul W. Armstrong, Joyce A. Armstrong, and Gerald S. Marks, with the technical assistance of James P. McKinven and Susan E. Slaughter

Body Surface Distribution of Electrical Potential During Atrial Depolarization and Repolarization ........................................ 167
David M. Mirvis

Letters to the Editor ............................................. 199

News from the American Heart Association . . . Ad page 36A
