VOLUME VIII
July-December, 1953
CIRCULATION
A Journal of the American Heart Association

No. 1
A Study of the Usefulness and Limitations of Electrical Countershock, Cardiac Massage, Epinephrine and Procaine in Cardiac Resuscitation from Ventricular Fibrillation
Rene' Weggria, Charles W. Frank, Hsueh-Hwa Wang, George Misrahy, Robert Miller and Peter Kornfeld 1

The Syndrome of Patent Ductus Arteriosus with Pulmonary Hypertension
Herbert Hullgren, Arthur Selzer, Ann Purdy, Emile Holman and Frank Gerbode 15

Aging Processes in the Arterial and Venous Systems of the Lower Extremities
Morton D. Pareira, Fred P. Handler and Herman T. Blumenthal 36

Studies Made by Simulating Systole at Necropsy. II. Experiments on the Relation of Cardiac and Peripheral Factors to the Genesis of the Pulse Wave and the Ballistocardiogram
Isaac Starr, T. G. Schnabel, Jr., and R. L. Mayock 44

Observations on the Hemodynamic Properties of a Thiophanium Derivative, Ro 2-2222 (Arfonad), in Human Subjects
N. S. Assali, Roy A. Douglass, Jr., and Roy Sugimoto 62

Dye Dilution Curves in Cyanotic Congenital Heart Disease
H. J. Swan, J. Zapata-Diaz and Earl H. Wood 70

Measurement of Vasocnstrictor Tone in the Extremities in Hypertension
Henry J. Kowalski, Sibley W. Hoobler, S. Donald Malton and Richard H. Lyons 82

The Effect of Priscoline on the Clearance of Radiosodium from Muscle and Skin of Man in Normal and Diseased Limbs
Jack Freund, Lawrence W. Wisham and Rosalyn S. Yalow 89

The Effect of the Frequency Response of Electrocardiographs on the Form of Electrocardiograms and Vectorcardiograms
A. J. Kerwin 98

Clinical Progress. The Heart in Anemia
William B. Porter and G. Watson James, III 111

Clinical Conferences. The Arterial Spider and Similar Lesions of the Skin and Mucous Membrane
William B. Bean 117

Abstracts 130

Books Received 151

American Heart Association 153

No. 2
Rheumatic "Activity" as Judged by the Presence of Aschoff Bodies in Auricular Appendages of Patients with Mitral Stenosis. I. Anatomic Aspects
J. P. Decker, C. Van Z. Hawn and S. L. Robbins 161

Hypertension and Coronary Occlusion
Arthur M. Master 170

Pulmonary Function in Rheumatic Heart Disease and Its Relation to Exertional Dyspnea in Ambulatory Patients
John R. West, Harry A. Bliss, John A. Wood and Dickinson W. Richards, Jr. 178
A Critical Evaluation of the Hypotensive Action of Hydralazine, Hexamethonium, Tetraethylammonium and Dibenzyline Salts in Human and Experimental Hypertension.............................. Alvin P. Shapiro and Arthur Grollman 188
Effect of Dibenzyline on Skin Temperature, Peripheral Blood Flow, and Vasomotor Responses in Normal Patients and Patients with Increased Vasconstrictor Tone Marvin Moser, Dale Watkins, Neal Morris, Andrew G. Prandoni and Thomas W. Mattingly 224

Comparison of Direct and Indirect Blood-Pressure Determinations
L. N. Roberts, J. R. Smiley and G. W. Manning 232

Parasystole........................................... Alfred Pick 243

The Effect of a Threshold Electrical Stimulus upon the Repolarization Process of the Left Ventricle of the Intact Dog Heart
L. H. Nahum, H. Levine, H. Geller and R. Sikand 253

Atabrine in Ventricular Tachycardia................................ Antônio M. Samia and Mariano M. Alimurung 257
The Spatial Orientation of the Plane Including the Mean QRS and T Vector of the Normal Electrocardiogram.................................................. Noboru Kimura 261

The Circulatory Response to the Valsalva Maneuver of Patients with Mitral Stenosis with and without Autonomic Blockade... David G. Greene and Ivan L. Bunnell 264

The Kinetocardiogram. I. Method of Recording Preocordial Movements
E. E. Eddleman, Jr., Kathryn Willis, T. J. Reeves and T. R. Harrison 269

A New Index for Quantitative Ballistocardiography: The Velocity of Body Displacement............................................ Vincenzo Masini and Paolo Rossi 276

Long-Range Observations of Sodium Exchange in Patients with Congestive Heart Failure........................................... John A. Lusk, III, and S. Donald Palmer 282

Clinical Progress. Diagnosis and Prevention of Bacterial Endocarditis
Arthur L. Bloomfield 290

Abstracts............................................. 297

American Heart Association........................................ 316

No. 3

Mitral Commissurotomy in the Older Aged Patient. An Analysis of Twenty Patients Over the Age of Fifty
O. Henry Janton, Robert P. Glover, and Thomas J. E. O'Neill 321

Tetralogy of Fallot with Unilateral Pulmonary Atresia. A Clinically Diagnosable and Surgically Significant Variant
Alexander S. Nadas, Harold D. Rosenbaum, Martin H. Wittenborg, and Abraham M. Rudolph 328

Rheumatic “Activity” as Judged by the Presence of Aschoff Bodies in Auricular Appendages of Patients with Mitral Stenosis. II. Clinical Aspects
William F. McNeely, Laurence B. Ellis, and Dwight E. Harken 337

Hemodynamic Effects of Valvulotomy in Pulmonic Stenosis
Paul E. Lurie and Harris B. Shumacker, Jr. 345

Further Observations on the Effects of Autonomic Blocking Agents in Patients with
CONTENTS OF VOLUME VIII

Hypertension. II. Hemodynamic, Ballistocardiographic and Electrocardiographic Effects of Hexamethonium and Pentamethonium

David Grob, William R. Scarborough, Albert A. Kattus, Jr., and Herbert G. Langford 352

The Khetoecardiogram. II. The Normal Configuration and Amplitude

E. E. Edleman, Jr., Kathryn Willis, Lynn Christianson, J. R. Pierce, and R. P. Walker 370

Studies of Quantitative Ballistocardiography. The Velocity of Body Displacement in Patients with Heart Disease...........Vincenzo Masini and Paolo Rossi 381

The Electrocardiogram of a Beluga Whale

Robert L. King, James L. Jenks, Jr., and Paul D. White 387

Clinical Conferences. Electrocardiograms of Deceptive Form in Ventricular Hypertrophy..................................................Charles E. Kossmann 403

Clinical Progress. The Patient with Cardiovascular Disease and Rehabilitation: The Third Phase of Medical Care..............Joseph G. Benton and Howard A. Rusk 417

Program and Proceedings of the Seventh Annual Meeting of the American Society for the Study of Arteriosclerosis......................................................427

Abstracts........................................................................457

Book Reviews....................................................................477

American Heart Association............................................478

No. 4

Reactivation of Rheumatic Fever Following Mitral Commissurotomy

Louis A. Soloff, Jacob Zatuchni, O. Henry Janton, Thomas J. E. O'Neill, and Robert P. Glover 481

Antibiotic Therapy of Bacterial Endocarditis. IV. Successful Short-Term (Two Weeks) Combined Penicillin-Dihydrostreptomycin Therapy in Subacute Bacterial Endocarditis Caused by Penicillin-Sensitive Streptococci

Joseph E. Geraci and William J. Martin 494

The Relation of Age to Certain Electrocardiographic Responses of Normal Adults to a Standardized Exercise........................................Harold M. Silver and Milton Landowne 510

Age Changes in Heart Rate and Blood Pressure Responses to Tilting and Standardized Exercise............Arthur H. Norris, Nathan W. Shock, and Marvin J. Vienot 521

The Lewis A. Connor Memorial Lecture. The Physiology of the Cardiac Output

W. F. Hamilton 527

Failure to Reduce the Size of Experimentally Produced Myocardial Infarcts by Cortisone Treatment.........D. F. Opdyke, A. Lambert, H. C. Stoerk, M. E. Zanetti and S. Kuna 544

Congenital Anomaly of the Right Sinus of Valsalva, Diagnosed by Aortography

Walther Falholt and Gregers Thomsen 548

Electrocardiographic Leads. I. Introduction.......................Richard McFee and Franklin D. Johnston 554

The Khetoecardiogram. III. The Distribution of Forces over the Anterior Chest

E. E. Edleman, Jr., and Kathryn Willis 569

A Method of Securing the Direct Body Ballistocardiogram by Means of a Microscope Giving a Record Readily Calibrated.............E. W. Bixby and C. B. Henderson 578

Torsion Ballistocardiography: With Special Reference to Patterns in Surgically Amenable Cardiovascular Diseases............Kurt R. Reissmann and E. Grey Dimond 585

The Significance of the Intermediate Korotkoff Sounds...............Simon Rodbard 600
CONTENTS OF VOLUME VIII

Clinical Progress. Vectorcardiography ........................................... G. E. Burch, J. A. Abildskov and J. A. Cronvich 605
Abstracts .................................................................................................................. 614
Book Reviews ............................................................................................................. 634
American Heart Association ....................................................................................... 639

No. 5

The George E. Brown Memorial Lecture. Some Chemical Factors in the Pathogenesis of Atherosclerosis ................................................................. David P. Barr 641
Facts and Fallacies Regarding the Blood Pressure of Different Regional and Racial Groups ............................................................ Robert P. Bays and Nevin S. Scrimshaw 655
Platelet Thrombosis Syndrome .............................................................................. Philip S. Vassar and David M. Spain 664
Studies on the Control of Hypertension by Hyphex. I. Effects on Blood Pressure  
Henry A. Schroeder, John D. Morrow and H. Mitchell Perry, Jr. 672
Demonstration of Differential Effects on Pulmonary and Systemic Arterial Pressure by Variation in Oxygen Content of Inspired Air in Patients with Patent Ductus Arteriosus and Pulmonary Hypertension 
Howard B. Burchell, H. J. C. Swan and Earl H. Wood 681
Mechanical and Myocardial Factors in Chronic Constrictive Pericarditis 
Régine M. Harvey, M. Irene Ferrer, Richard T. Cathcart, 
Dickinson W. Richards and André Cournand 695

Further Considerations on the Indications for the Limitations of Direct Surgery in Arteriosclerosis .................................................. William S. Dye, John H. Olwin and Ormand C. Julian 708
Clinical Appraisal of a New Andrenergic Blocking Agent: Effect of Regitine on Digital Blood Flow in Normal Subjects and Patients with Peripheral Arterial Diseases 
Charles W. Clarke, Jr., David Randall Hays, Jr., and Theodore B. Van Itallie 715
Spontaneous and Induced Variations in Serum Lipoproteins 
H. L. Chandler, E. Y. Lawry, K. G. Potee and G. V. Mann 723
Studies of Human Peripheral Blood Flow: The Effect of Injection Volume on the Intramuscular Radiosodium Clearance Rate 
George F. Warner, Ernest Dobson, Nello Pace, Muriel E. Johnston and Caroline R. Finney 732

Magnetic Tape Recording Electrocardiograph 
William L. Proudfit and Joseph F. Dobosy 735
A Ballistocardiographic Study of Healthy Young Adult Males 
William B. Abrams and Herbert D. Edger 738
Thiamine Deficiency in Organic Heart Disease 
Michael G. Wohl, Charles R. Shuman, Richard Turner and John J. Fittipaldi 744
Pattern of Failure of the Homografted Canine Heart 
Sigmund A. Wesolowski and John F. Fennessey 750
Clinical Progress. Treatment of Cardiac Arrhythmias ........................................ David Scherf 756-
Clinical Conferences: Congestive Heart Failure Induced by Primary Systemic Amyloidosis: A Diagnostic Problem 
Raymond D. Pruitt, Guy W. Daugherty and Jesse E. Edwards 769
Abstracts ..................................................................................................................... 779
American Heart Association ....................................................................................... 799

No. 6

The Electrocardiographic Pattern of Hypopotassemia with and without Hypocalcemia 
Borys Surawicz and Eugene Lepeschkin 801
Studies on the Control of Hypertension by Hyphex. II. Toxic Reactions and Side
Effects ................... John D. Morrow, Henry A. Schroeder and H. Mitchell Perry, Jr. 829
Newer Drugs in the Treatment of Hypertension. I. Use of Hexamethonium Salts
Homer A. Sieber, Keith S. Grimson and Edward S. Orgain 840
Problems in the Diagnosis and Surgical Treatment of Pulmonic Stenosis with Intact
Ventricular Septum ........ John W. Kirklin, Daniel C. Connolly, F. Henry Ellis, Jr.,
Howard B. Burchell, Jesse E. Edwards and Earl H. Wood 849
Orthostatic Factors in Pulsus Alternans
Ben Friedman, William M. Daily and Roy S. Sheffield 864
Effects of Papaverine upon Ectopic Ventricular Tachycardia Produced by Myocardial
Infarction ...... A. Sidney Harris, Antonio Estandia, Abdo Bisteni and Herbert T. Smith 874
Evaluation of Routine Serial Fluoroscopic Examinations of the Heart in the Postero-
anterior and Oblique Views at Specific Degrees of Rotation. With Special Reference to the Angle of Clearance of the Left Ventricle
May G. Wilson, Nathan Epstein, Helen N. Helper and Katharine Hain 879
Heart Force Effects of Sympathomimetic Amines as a Basis for Their Use in Shock
Accompanying Myocardial Infarction
Peter C. Gazes, Leon I. Goldberg and Thomas D. Darby 883
Respiratory and Circulatory Studies of Patients with Mitral Stenosis
Pier C. Curti, Goodman Cohen, Benjamin Castleman, J. Gordon Scannell,
Allan L. Friedlich and Gordon S. Myers 893
Further Studies in High Fidelity Electrocardiography. Myocardial Infarction
Paul H. Langner, Jr. 905
Some Requirements in Equipment and Technics for Vectorcardiography
James A. Cronvich, George E. Burch and J. A. Abildskov 914
Clinical Progress. The Normal Electrocardiogram ........ Charles E. Kossmann 920
Abstracts ........................................................................ 937
Book Reviews ....................................................................... 957
American Heart Association .................................................. 958
CONTENTS

INDEX ISSUE

THE ELECTROCARDIOGRAPHIC PATTERN OF HYPOPOTASSEMIA WITH AND WITHOUT HYPOCALCENIA .......................... Borys Surawicz and Eugene Lepeschkin 801
STUDIES ON THE CONTROL OF HYPERTENSION BY HYFLEX. II. TOXIC REACTIONS AND SIDE EFFECTS
John D. Morrow, Henry A. Schroeder and H. Mitchell Perry, Jr. 829
NEWER DRUGS IN THE TREATMENT OF HYPERTENSION. I. USE OF HEXAMETHONIUM SALTS .............. Homer A. Sieber, Keith S. Grimson and Edward S. Orgain 840
PROBLEMS IN THE DIAGNOSIS AND SURGICAL TREATMENT OF PULMONIC STENOSIS WITH INTACT VENTRICULAR SEPTUM ....... John W. Kirklin, Daniel C. Connolly, F. Henry Ellis, Jr., Howard B. Burchell, Jesse E. Edwards and Earl H. Wood 849
ORTHOSTATIC FACTORS IN PULSATIS ALTERNANS
Ben Friedman, William M. Daily and Roy S. Sheffield 864
EFFECTS OF PAPAVERINE UPON ECTOPIC VENTRICULAR TACHYCARDIA PRODUCED BY MYOCARDIAL INFARCTION
A. Sidney Harris, Antonio Estandía, Abdo Bistenli and Herbert T. Smith 874
EVALUATION OF ROUTINE SERIAL FLUOROSCOPIC EXAMINATIONS OF THE HEART IN THE POSTERO-ANTERIOR AND OBLIQUE VIEWS AT SPECIFIC DEGREES OF ROTATION. WITH SPECIAL REFERENCE TO THE ANGLE OF CLEARANCE OF THE LEFT VENTRICLE
May G. Wilson, Nathan Epstein, Helen N. Helper and Katharine Hain 879
HEART FORCE EFFECTS OF SYMPATHOMIMETIC AMINES AS A BASIS FOR THEIR USE IN SHOCK ACCOMPANYING MYOCARDIAL INFARCTION
Peter C. Gazes, Leon I. Goldberg and Thomas D. Darby 883
RESPIRATORY AND CIRCULATORY STUDIES OF PATIENTS WITH MITRAL STENOSIS
Pier C. Curti, Goodman Cohen, Benjamin Castleman, J. Gordon Scannell, Allan L. Friedlich and Gordon S. Myerz 893
FURTHER STUDIES IN HIGH FIDELITY ELECTROCARDIOGRAPHY. MYOCARDIAL INFARCTION ........................................ Paul H. Langner, Jr. 905
SOME REQUIREMENTS IN EQUIPMENT AND TECHNIQUE FOR VECTORCARDIOGRAPHY
James A. Cronwich, George E. Burch and J. A. Avildskov 914
CLINICAL PROGRESS. THE NORMAL ELECTROCARDIOGRAM ... Charles E. Kossmann 920
ABSTRACTS .................................................. 937
BOOK REVIEWS .............................................. 957
AMERICAN HEART ASSOCIATION ................................ 958
