In June 2016, the current term of the Editor-in-Chief of *Circulation* will end. The Scientific Publishing Committee of the American Heart Association invites nominations and applications for the position of Editor-in-Chief for the term July 1, 2016, through June 30, 2021.

Candidates must hold an MD and/or PhD degree or equivalent and must have a current academic appointment in cardiovascular medicine. Broad and in-depth knowledge of the field of cardiovascular medicine, its leadership, current trends, and advances is needed. Significant familiarity with experimental design, the conduct of laboratory and clinical research, and judgment of the scientific validity and importance of research reports and review articles is desirable. Extensive experience in medical writing, as well as strong editorial experience with peer-reviewed journals, is required. An understanding of and appreciation for social media and digital publications is essential. Demonstrated excellence in leadership and supervisory skills is also required. The AHA expects that, during the first few months of tenure, the journal will be a time commitment of 40% (or greater) and at least a 25% time commitment thereafter.

The AHA Scientific Publishing Committee has determined that the established editorial structure of *Circulation* and the *Circulation* subspecialty journals will continue. The Editor-in-Chief of *Circulation* will also be responsible for oversight of the 6 *Circulation* subspecialty journals. The editors of the 6 subspecialty journals will also serve as associate editors of *Circulation*.

*Circulation* is a weekly publication with approximately 20,000 subscribers worldwide, including institutional and online subscriptions.

Interested candidates should send a letter of application addressing his/her qualifications for the position, a brief statement for his/her vision of *Circulation*, and his/her curriculum vitae. Those writing to nominate others should send a letter of nomination explaining why he/she believes the nominee is an optimal candidate for the position. Please address all correspondence to Robert M. Carey, MD, FAHA, Chair, Scientific Publishing Committee, Scientific Publishing Department, American Heart Association, 7272 Greenville Avenue, Dallas, TX 75231-4596, or to his attention via e-mail c/o Frances.Bright@heart.org.

**Deadline for receipt of applications and nominations is August 15, 2014.**
